MMING & DIVING
ATION CENTER

Opened on Jan. 31, 1998, the Eppley Recreation Center Natatorium at the University of Maryland is one of the premier swimming and diving venues in the country. Featured in such national publications as *Swimming Technique* and *International Aquatics* magazines, the Eppley Recreation Center Natatorium not only benefits the Maryland swimming and diving teams, but also the University of Maryland community itself.

The Eppley Recreation Center Natatorium was part of the $40 million Eppley Recreation Center. It features one 50x25-yard pool with two movable bulkheads and an underwater sound system. There are two one-meter diving boards and two three-meter diving platforms. The natatorium pool holds more than 1.5 million gallons of water.

With seating for more than 1,000 spectators, the Eppley Recreation Center Natatorium has and will play host to such national and regional events as the 1999, 2002, 2006 and 2009 ACC Championships and the YMCA Nationals in the summer of 1999, 2000, 2001, 2002, 2003 and 2004. The 1999 and 2000 FINA World Cups were held at the Eppley Recreation Center Natatorium, making it the focus of national and international attention during the championships. The facility also hosted the 2003 USA Swimming Summer Long Course National Championships.

In addition to the natatorium, the Eppley Recreation Center also has fitness and weight-lifting equipment, indoor basketball and volleyball courts, and an indoor track. A large outdoor pool complements the Eppley Recreation Center and Natatorium, finishing a facility that is one of a kind and can only be found at the University of Maryland.

THE EPPLEY RECREATION CENTER NATATORIUM HAS BEEN THE SITE OF:

- **1999, 2002, 2006 AND 2009 ACC CHAMPIONSHIPS**
- **1999 AND 2000 FINA WORLD CUP**
- **1999-2004 YMCA NATIONALS**
- **2003 U.S. SENIOR NATIONALS**
- **FOUR WORLD RECORDS**

BALTIMORE/WASHINGTO

SO MUCH ...

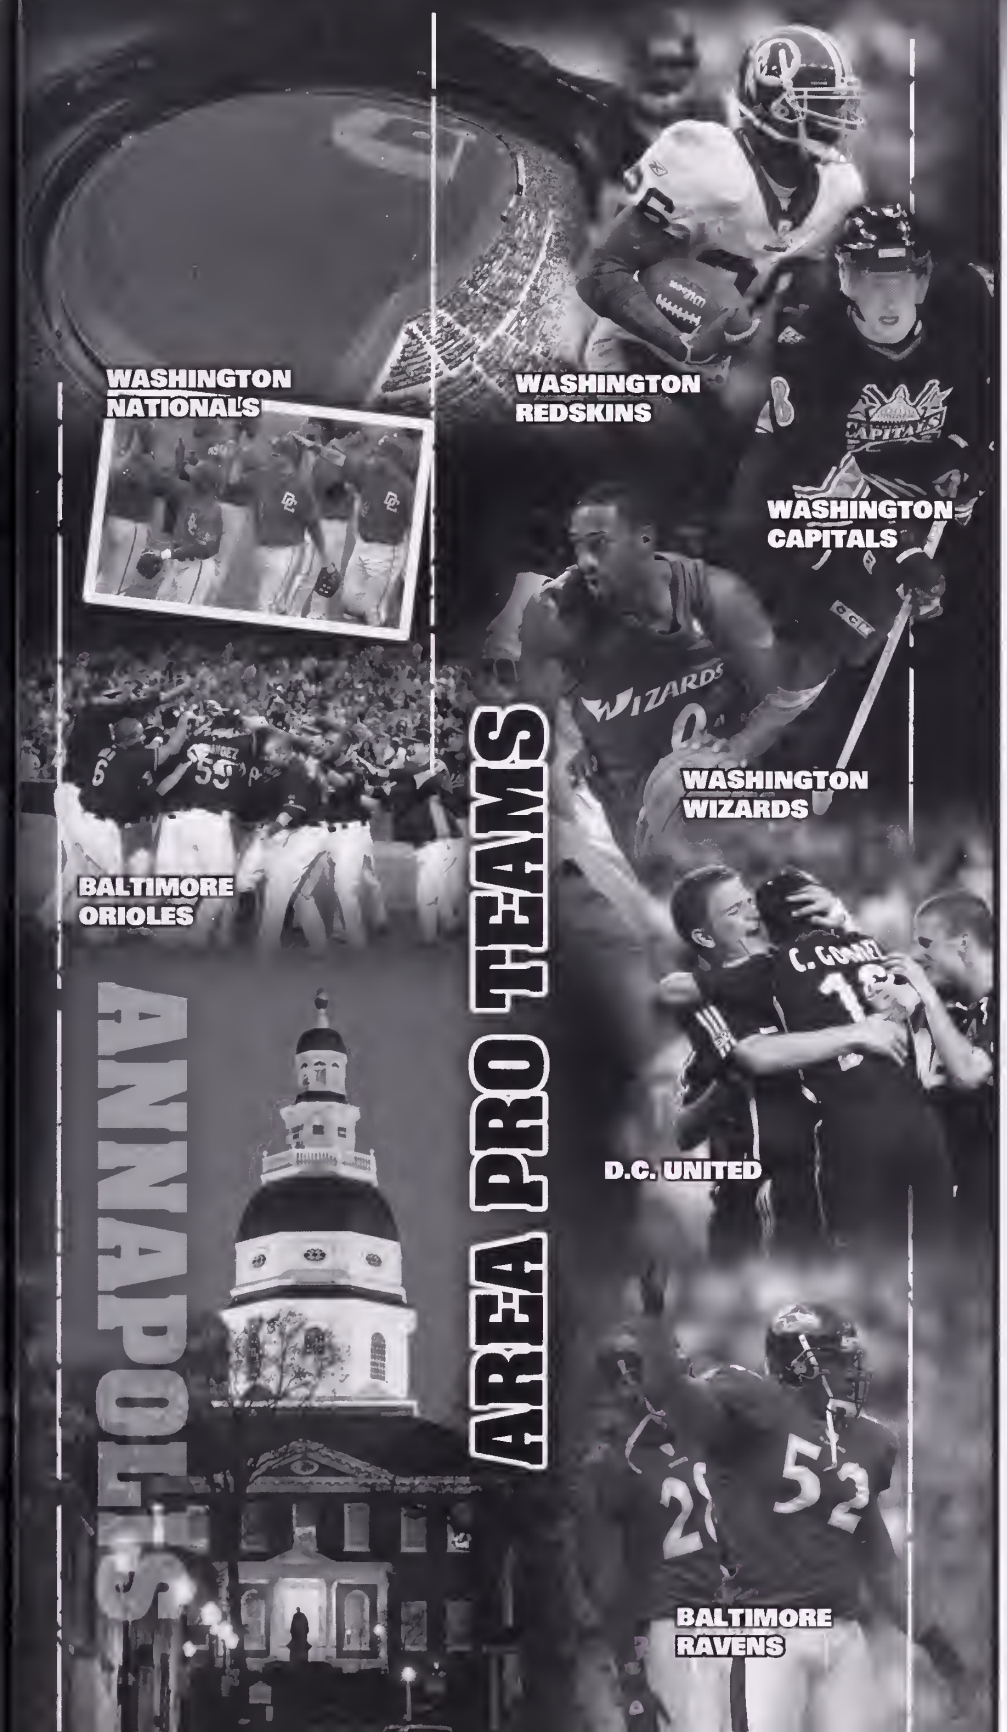
WASHINGTON, D.C.

BALTIMORE

27 SPORTS

1 TEAM

D.C./ANNAPOLIS SO CLOSE



IT'S ALL HERE BEYOND THE UNIVERSITY OF MARYLAND CAMPUS

City lights, history, sparkling waterfronts, monumental landscapes. Jazz, film festivals, marches and demonstrations. Shopping, professional sports, regattas on the Chesapeake Bay. Not just one city, but three. Not just any city, but the nation's capital, a major port city, and the state capital of Maryland.

WASHINGTON, D.C.

The nation's capital and its major attractions are within 10 miles of College Park. And the highly efficient Metro rail system, with a station at the campus doorstep, makes navigating the greater Washington, D.C., area easy. Campus shuttle buses serve the College Park Metro station, allowing easy access to one of the country's model transportation systems.

BALTIMORE

The 12th-largest city in the United States is often referred to as the "Charm City." Located just 35 miles north of the University of Maryland, its rejuvenation as an urban center is unprecedented. The Inner Harbor, its National Aquarium and tall ships, and the nearby Oriole Park at Camden Yards create an exciting, vibrant holiday atmosphere in a city that boasts one of the world's great sea ports.

ANNAPOLIS

The state capital of Maryland lies just 30 miles east of the University of Maryland. Long called the "sailing capital of the United States," Annapolis is located at the mouth of the Severn River on the Chesapeake Bay. The historic downtown area is known for its wonderful eating and shopping opportunities. There are few places in the world that rival the Chesapeake Bay area for its appealing qualities.

HEAD COACH SEAN SCHIMMEL

FIRST SEASON AT MARYLAND
SOUTHERN CALIFORNIA '92

Sean Schimmel comes to College Park after highly successful stints as the associate head coach at LSU and the top assistant at Harvard. Combined, Schimmel has coached 43 All-Americans -- first team and honorable mention -- at NCAA Championships over nine consecutive years.

"It is a great honor to be named head coach at the University of Maryland," said Schimmel. "With top academics, a world-class facility and an outstanding tradition of athletic success, there is no limit to what we can accomplish. I am truly excited about the commitment Maryland Athletics has made to the program and about becoming part of the Maryland swimming and diving family."

"Sean will hit the ground running, building Maryland swimming and diving into the national power we know we can become under his leadership," said Yow. "I congratulate Michael Lipitz and the entire search committee on this terrific coaching choice."

Schimmel spent two seasons as associate head coach at LSU, working on the staff of Adam Schmitt as the recruiting coordinator. He helped the men's and women's teams place at NCAA Championships both years, with the women's team earning a 17th place finish in 2007.

In 2008, both LSU men's and women's teams earned dual-meet rankings among the top 20 in the nation. LSU swimmers broke eight women's and 10 men's school records during his time in Baton Rouge.

"Sean is ready to take Maryland up the ranks of the ACC and the NCAA," said Schmitt. "It's a tremendous opportunity for him. He'll be a great leader for the Terrapin program and its student-athletes."

Prior to his joining the LSU staff, Schimmel spent seven seasons as an assistant men's coach at Harvard, where he also led recruiting efforts for head coach Tim Murphy.

From 1999 to 2006, Schimmel helped the Crimson to a 61-4 dual-meet record and four conference championships, with seven All-Americans and 20 honorable mention All-Americans. Harvard was 17th as a team at the 2002 NCAA Nationals. Crimson swimmers re-wrote 14 school records during that time and Schimmel had a number of swimmers qualify for the U.S. Olympic Trials in 2000 and 2004.

"Congratulations to Coach Schimmel and the University of Maryland," said Murphy. "Sean will bring renewed enthusiasm to Maryland's swimming and diving program for years to come."

Schimmel joined the Harvard staff after serving as head coach at the La Canada Flintridge YMCA in California, where he coached several men and women to the YMCA National Championships. There, he managed a staff of three coaches and a 115-member swim team.

As a student-athlete, Schimmel swam at Southern California (1987-91) and was a standout in the butterfly and freestyle events. He competed at the 1988 U.S. Olympic Trials in both the 100- and 200-meter butterfly. Schimmel graduated from USC in 1992 with a B.A. in communications.

"Sean is an exceptional and thoughtful young man," said Dave Salo, current head coach at USC and a member of the Trojans' staff when Schimmel was a student-athlete. "He has the experience and the energy to lead the University of Maryland to a level of success expected by such an outstanding university."

A prep All-American at Ridgewood (N.J.) High School, Schimmel's state-record mark of 1:47.39 in the 200-yard fly still stands today. After competing for the New Jersey Wave under Head Coach Frank McElroy, he also served as the team's assistant coach from 1991-92.

Schimmel is married to the former Tricia Starr, and the couple has a four-year old daughter, Peyton Lilly.

COACHING STAFF

JOHN PONTZ
ASSISTANT COACH

Penn State '93
First year at Maryland

John Pontz was named assistant coach for the University of Maryland men's and women's swimming and diving program in June of 2008.

Pontz came to College Park via Northwestern University, where he served as an assistant coach for the Wildcats since 2004. During that time, Northwestern put together the most successful run in school history, boasting three top-ten NCAA team finishes, two individual NCAA champions and a pair of NCAA records.

Prior to Northwestern, Pontz was an assistant coach at Arizona State University from 2001-2003, where he trained the ASU mid-distance and distance swimmers. Pontz is credited with coaching four NCAA Top 16 finalists and qualified three women to the NCAA Championships in distance events for the first time at the school in eight years.

Pontz has also coached club teams at the University of Arizona and ASU and placed an athlete on the 2000 USA Olympic Team while serving as head coach of the Tempe Rio Salado Swim Club in Tempe, Ariz.

Nationally, Pontz has been a head coach, director and manager at several USA Swimming Camps and also was an assistant coach at the Goodwill Games in 2001.

Pontz is a graduate of Penn State with degrees in finance and exercise and sport science.

RACHEL STRATTON
ASSISTANT COACH

UCLA '02
First year at Maryland

Rachel Stratton was named assistant coach for the University of Maryland men's and women's swimming and diving program in June of 2008.

Prior to the Terps, Stratton was the assistant coach at Dartmouth for both the men's and women's swim teams beginning in 2006. She was responsible for all recruiting duties dealing with the women's program and planned and oversaw workouts for non-freestyle/IM swimmers for the Big Green. Dartmouth swimmers broke more than 20 school records and the squad boasted the highest GPA in the nation during her tenure.

Stratton's other coaching stops include stints with Team Santa Monica (Calif.), Brentwood High School (Calif.) and West Valley Swim Club (Saratoga, Calif.).

She is Level 4 certified by the American Swim Coaches Association (ASCA) and chaired the Pacific Section subcommittee of Southern California Swimming in 2005 and 2006. Stratton is also a weekly contributor to www.goswim.tv, an online swimming technique magazine, and was a co-organizer in the 2007 Speedo Women's forum at the ASCA World Clinic.

A graduate of UCLA with a bachelor's degree in sociology, she was chair from 2000-2002 of the Bruin Athletic Council, a student-run organization that serves as a liaison between all student-athletes and the athletic department.

JOSHUA GARNER
ASSISTANT COACH

Connecticut College '03
First year at Maryland

Joshua Garner joined the University of Maryland swimming and diving program in September of 2008 as an assistant coach for the Terps.

Garner previously served as an assistant coach at UMBC for the Terriers swim team. While at UMBC, he coached multiple champions and top three finishers in distance events. He is also responsible for recruiting the largest and most productive class in school history.

During his tenure at UMBC, he also coached athletes ages 12-15 in the Senior Developmental Group at the nearby Retriever Aquatic Club in Baltimore, where he developed numerous Maryland LSC state champions and National Age Group Recognition Swimmers & Sectional qualifiers.

Prior to joining UMBC's coaching staff, Garner also held an assistant coaching position with the University of Virginia swim team. He assisted the Cavaliers with deck coaching in all training groups as well as video analysis and coordinated sport psychology education for the squad.

Garner is a graduate of Connecticut College with a bachelor's degree in psychology.

ANTON SLOBOUNOV
DIVING COACH

Cal Irvine '07
Second year at Maryland

Anton Slobounov is entering his second season with the diving program at the University of Maryland.

Slobounov is a 2007 graduate of the University of California, Irvine, where he majored in Drama and also received a full athletic scholarship.

As an undergraduate, Slobounov won six career Big West diving titles, more than any other diver in Big West history. Those titles include 1-meter and 3-meter Big West Conference Diving Championships in 2002-03, 2003-04 and 2004-05.

Slobounov was also a two-time Most Valuable Diver, a two-time Big West Athlete of the Week and was named the Most Inspirational Diver.

Slobounov served as the Assistant Clinic Coach at the Summer League Diving Clinic in Maryland where he explained fundamentals of diving to high school and club coaches, conducted physical assessment, preparation, and strength training methods specifically designed for diving and also held warm-ups, practice, and strength training programs.

Slobounov also served as the Spring Board Diving Instructor of the Crown Valley Dive Club in Crown Valley, Calif. from 2004 until his position at Maryland. Slobounov is also fluent in Russian, and enjoys painting and visiting fine art galleries and museums.

Maryland's Olympic Trial Competitors (left to right): Dong Kim (50 and 100 free), Eric Cullen (100 breast), Sean Stewart (200 fly), Patty DeScenza (200 fly), Nina Rossi (200 fly) and Jen Vogel (100 fly)

ANDREW SHEAFF
VOLUNTTER ASSISTANT

Pittsburgh '07
Second year at Maryland

Sheaff is in his second year as a volunteer assistant for the University of Maryland Swimming and Diving Teams. He currently works in the School of Public Health as a research assistant, while pursuing a Master's Degree in exercise physiology at the University of Maryland

Prior to coming to Maryland, Sheaff attended the University of Pittsburgh, where he graduated in 2007 with a Bachelor's degree in exercise science. He competed for the Panthers for four years and was named a Senior Athlete of Distinction. While at Pitt, he coached age group swimmers as an assistant coach with the Kingsley Aquatics Club. Additionally, Sheaff was a member of the University of Pittsburgh Football Strength and Conditioning Staff during his senior year. Upon graduation, he worked as a Strength and Conditioning coach with the Cleveland Browns.

2008-09 WOMEN'S OUTLOOK

TERPS OPTIMISTIC ABOUT MOVING UP ACC RANKS

Maryland first year head coach Sean Schimmel is optimistic about his women's swimming and diving program for the 2008-09 campaign. That is due in part to a talented freshman class that boasts several All-Americans in addition to a solid stable of returnees including Olympic Trials participants **Nina Rossi**, **Jen Vogel** and **Patty DeScenza**.

"We are really going to focus on moving up at the ACC Championships and winning dual meets," Schimmel said. "I think we have the potential to have multiple top eight scorers this season."

FREESTYLE

Maryland has a strong returning core of freestyle swimmers returning for the 2008-09 campaign. Sophomore **Annie Fittin** picked up NCAA B-cut times with a 23.26 in the 50 free and a 50.78 in the 100 free in addition to winning the two events in several dual meets. **Yelena Skalinskaya** is expected to pick up where she left off last year. Skalinskaya had the third best time for the Terps in the 50 free and won the event against ACC-foe Duke. **Blair Cross** will help the Terps in the sprints as well, while Rossi returns for the mid-distance and distance events. Maryland also regains the experience of **Laura Wright** who is back in the pool after an injury sidelined the senior a year ago. In addition to this solid crew, Maryland has a crop of freshmen that will look to score points, including **Ginny Glover**, **Lia Reich**, **Martha Van Lieshout** and **Natalie Wallen**.

Annie Fittin

BREASTSTROKE

The Terps will be without the services of four-year letterwinner Emily Smoak, but the cupboard is not bare. Sophomore **Stephanie Parker** will lead a young group of swimmers in the breaststroke after posting team-best times in the 200 in 2007-08. Three freshmen will be heavily relied upon to help the Terps, including **Ashley Cox**, **Alexa Hamilton** and **Erin Stout**.

BUTTERFLY

Maryland is especially strong in the butterfly with three Olympic Trials competitors slated to participate in the event for the Terps in 2008-09. Vogel hit an NCAA b-qualifying time in the 100 fly (54.81) while placing sixth at the ACC Championships. Vogel, Rossi and DeScenza picked up NCAA b-qualifying marks in the 200 fly. Vogel won the event at the Terrapin Cup while all three placed in the top ten at the ACC Championships.

BACKSTROKE

Maryland returns its top two competitors in the backstroke as Fittin and **Jackie Davidson** return to the blocks. Fittin recorded an NCAA B-cut time in the 100 backstroke with a 55.07 in her fourth place finish at the ACC Championships. Davidson, a junior, posted the top three times for the Terps in the 200 backstroke a year ago. Cross and DeScenza will compete as well, accompanied by freshmen Belli and Glover.

INDIVIDUAL MEDLEY

Vogel and Rossi return for Maryland in the individual medley to help make it one of the strongest events for the Terps. Both Vogel and Rossi tallied NCAA-b qualifying marks in the 200 IM at the ACC Championships. DeScenza and Parker should also help Maryland in addition to newcomers Belli, Hamilton, Stout, Wallen and Meggie Schmidt.

Patty DeScenza

DIVING

Montana Puente returns for her sophomore campaign this season and will be joined by freshman **Alisa Kurbatova**. Puente placed in the top three in three dual meets in the 1-Meter and four in the 3-Meter as a freshman last season. Kurbatova brings international experience to the board for the Terps having competed as a member of the Russian national team.

THE SCHEDULE

Maryland's ACC slate is always a tough one, but the Terps will have the luxury of hosting a slew of meets this season, including the ACC Championships, Feb. 18-21.

Maryland will kick off the season with the Red-Black Invite in College Park on Oct. 10-11, followed by a meet against Johns Hopkins on Oct. 24. The Terps will battle alumni in a meet on Oct. 25 and prepare for what Schimmel anticipates to be two critical triangulars in Raleigh, N.C. against Duke and North Carolina State (Oct. 31-Nov. 1) and at Maryland versus North Carolina and George Mason (Nov. 8). After a triangular with neighbors UMBC and Towson at the Eppley Recreation Center Natatorium on Nov. 15, the Terps play host to the Terrapin Cup Nov. 20-22.

The Terps return to College Park for the 2009 portion of the schedule with a quad against Villanova, Pittsburgh and Penn State Jan. 16-17. The women then take on Richmond and Miami in a triangular at Eppley Jan. 24. Maryland will work on finishing touches for the ACC Championships with meets at West Virginia (Jan. 31) and against Georgetown for Senior Day in College Park on Feb. 7. Maryland will also travel, if necessary, to the Last Chance NCAA Qualifier in Athens, Ga., March 6-8, in a final attempt to qualify for the NCAA Championships in mid-to-late March in College Station, Texas. Diving Zone Championships are March 12-14.

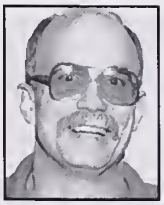
COACHING HISTORY

LISA PAPA
2 seasons
(1978-1980)
Overall: 12-6, .667
ACC: 1-2, .333



STEVE MAHANEY
5 seasons
(1988-1993)
Overall: 26-37-1, .413
ACC: 5-18, .217

CHARLIE HOFFMAN
7 seasons
(1980-1987)
Overall: 35-32-1, .522
ACC: 1-20, .048

JIM WENHOLD
12 seasons
(1993-2005)
Overall: 109-26, .807
ACC: 37-21, .638

RICK CURL
1 season
(1987-1988)
Overall: 6-4, .600
ACC: 1-3, .250

DAVE DURDEN
2 seasons
(2006-07)
Overall: 13-10, .565
ACC: 7-7, .500

JAROD SCHROEDER
1 seasons • Interim
(2007-08)
Overall: 3-5, .375
ACC: 0-2, .000

2008-09 MEN'S OUTLOOK

TALENTED ROSTER LOOKING FOR NCAA QUALIFIERS

The 2007-08 edition of Maryland men's swimming and diving broke eight school records last season, but first-year head coach **Sean Schimmel** has his sights for this year's squad set even higher.

"We are going to get some swimmers to the NCAAs," Schimmel said. "We return a lot of great swimmers and have added some great ones as well. As a team, I would like to see us finish in the top six at the ACC Championships and move up from there."

The Terps had three swimmers at the Olympic Trials this summer, including returnees **Dong Kim** and **Eric Cullen** as well as incoming freshman **Sean Stewart**.

"We have some guys that have competed at a very high level," Schimmel said. "I think the seniors we have really want to make an impact going out and get the program back into the right direction."

FREESTYLE

Kim returns after putting up NCAA B-cut times in the 50 and 100 freestyle last season. Kim swam both events in the Olympic Trials this summer and took fourth at the ACC Championships in the 100 free. Kim swam a school-record 44.09 in the 100 free. In addition to Kim, the Terps return **Alexander Damjanic**, **Chris Rouchard** and **Kirk Jackson** after solid campaigns last season. Rouchard, who specializes in distance events, swam team-bests in the 500, 1000 and 1650 free. Look for incoming freshman Butts, who swam in the Trials this summer, to make a splash immediately for the Terps.

Chris Rouchard

BACKSTROKE

Kim set a school-record in the 100 backstroke a year ago and returns to rack up more honors as a senior this season. Kim's time of 48:63 was an NCAA b-qualifying time in the ACC prelims as he finished fifth in the finals. Chris Sanford had a solid freshman season tallying several top three finishes in dual meets and finished fifth at the Terrapin Cup. Indiana University-transfer **Kevin Spath** is anticipated to help Maryland in the backstroke as well and has three years of eligibility remaining.

BREASTSTROKE

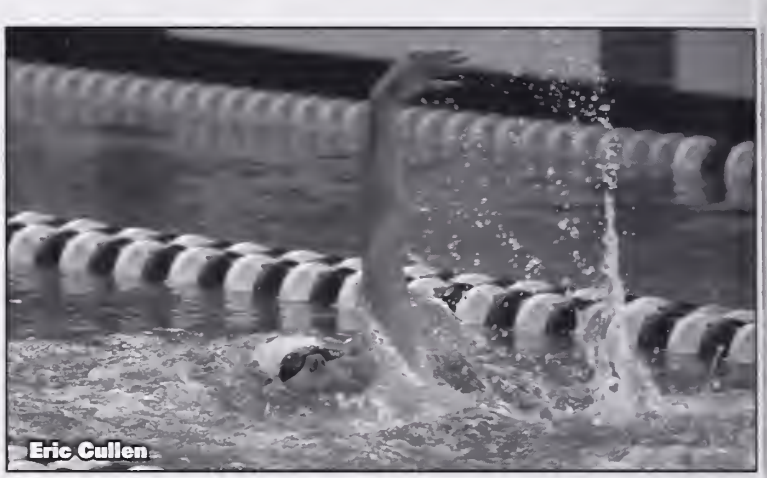
Cullen had a tremendous season last year, breaking the Maryland record in the 200 breaststroke, posting an NCAA B-cut time and swimming in the Olympic Trials this summer. The senior will look to better his performance at the ACC Championships this year after finishing eighth and tenth in the 200 and 100 breaststroke, respectively, in 2008. **Andy Dilz** had a solid season as well, winning several dual meets and placing in the top five at the Terrapin Cup in both events.

BUTTERFLY

Academic All-ACC selection Damjanic is poised to help Maryland in the fly events after wrapping up his second season with the Terps last year. Stewart and Bartholomew are set to make an impact in their rookie campaigns.

INDIVIDUAL MEDLEY

Dilz and Cullen will likely lead Maryland in the individual medley. Dilz captured the 200 IM at the Terrapin Cup and Cullen put up two of the four best times registered in the event by Maryland last season. Sophomore **Haywood Miller** had several top five finishes in the 400 IM.



Eric Cullen

DIVING

Maryland loses Derek Hock but has picked up local product **Joseph O'Neill**. O'Neill, who is from Bethesda, Md., is a strong athlete who was also a stand-out wrestler at Gonzaga College High School.

SCHEDULE

Schimmel anticipates that every competition will be a big meet for his Terrapin squad.

"Whenever we get on the blocks, we need to compete at the highest level," Schimmel said.

Maryland will kick off the season with the Red-Black Invite in College Park on Oct. 10-11, followed by a meet against Johns Hopkins on Oct. 24. The Terps will battle alumni in a meet on Oct. 25 and prepare for what Schimmel anticipates to be two critical triangulars in Raleigh, N.C. against Duke and North Carolina State (Oct. 31-Nov. 1) and at Maryland versus North Carolina and George Mason (Nov. 8). After a triangular with neighbors UMBC and Towson at the Eppley Recreation Center Natatorium Nov. 15, the Terps play host to the Terrapin Cup Nov. 20-22. The men then head to Annapolis for a showdown at Navy Dec. 9 before Christmas break.

The Terps return to College Park for the 2009 portion of the schedule with a quad against Villanova, Pittsburgh and Penn State Jan. 16-17. Maryland will work on finishing touches for the ACC Championships with meets at West Virginia (Jan. 31), and in duals against Virginia Tech (Feb. 6) and against Georgetown for Senior Day in College Park (Feb. 7). Maryland will also travel, if necessary, to the Last Chance NCAA Qualifier in Athens, Ga., March 6-8, in a final attempt to qualify for the NCAA Championships in mid-to-late March in College Station, Texas. Diving Zone Championships are March 12-14.

Personal: Son of Tim and Ann Stewart ... has one sister, Colleen ... major is business.

2007-08 MEN'S REVIEW

NOTEBOOK

- Shattered three school records in relay events including the 200-yard freestyle relay, 400 free relay and 200 medley relay.
- **Dong Kim** finished fourth in the 100-yard freestyle at the ACC Championships, swimming an NCAA B-cut time 44.17, which also set a new school-record. The junior also won the event at the Terrapin Cup. Kim excelled in the 100 backstroke as well, placing fifth at the ACCs with a school-record and NCAA B-cut time of 48.63.
- Junior **Eric Cullen** set a school-record in the 200 breaststroke while finishing eighth at the ACC Championships. Cullen also finished second in the Terrapin Cup in the 100 breast and fourth in the 200 breast.
- Sophomore **Aleksander Damjanic** was tabbed an ACC All-Academic selection.
- Nick Cordes set the school-record with NCAA B-cut time in the 50 free en route to a third-place finish at the ACC Championships.
- Senior Eric Thomasson finished tenth in the 200 butterfly at the ACCs with an NCAA B-cut time of 1:48.04.
- The Terps boasted two swimmers at the 2008 Beijing Olympic Trials. Kim participated in the 50 and 100 freestyle and junior Eric Cullen competed in the 100 breaststroke.

3m Dive (11 dives)	Kevin Burke 636.225 (1999)		Louis Gagnet, Florida State 621.05 (1993)	

COACHING HISTORY

BILL CAMPBELL
20 seasons
(1956-76)
Overall: 206-52, .798
ACC: 88-29, .752
The winningest coach in UM swimming & diving history.

STEVE MAHANEY
5 seasons
(1988-1993)
Overall: 32-32, .500
ACC: 5-9, .208

CHARLIE HOFFMAN
11 seasons
(1976-1987)
Overall: 85-38, .691
ACC: 15-21, .417

RICK CURL
1 season
(1987-1988)
Overall: 6-5, .545
ACC: 0-4, .000

JIM WENHOLD
12 seasons
(1993-2005)
Overall: 68-64, .515
ACC: 13-45, .224

DAVE DURDEN
2 seasons
(2006-07)
Overall: 5-17, .227
ACC: 0-14, .000

JAROD SCHROEDER
1 seasons • Interim
(2007-08)
Overall: 3-5, .375
ACC: 1-1, .500

THE UNIVERSITY OF MARYLAND

DEEP ROOTS, BROAD IMPACT

Charles Benedict Calvert founded the Maryland Agricultural College in 1856 with the goal of creating a school that would offer outstanding practical knowledge to him and his neighbors and be "an institution superior to any other."

One hundred and fifty years later, the University of Maryland has blossomed from its roots as the state's first agricultural college and one of America's original land grant institutions into a model of the modern research university. It is the state's greatest asset for its economic development and its future, and has made its mark in the nation and the world.

Calvert would be astounded by the depth and breadth of research activities, innovative educational programs, and the single-minded pursuit of excellence that are part of the University of Maryland today. Maryland is ranked 18th among the nation's top public research universities by *U.S. News & World Report*, with **31 academic programs in the Top 10 and 86 in the Top 25.** It is also ranked No. 37th in the world, according to the Institute of Higher Education at at Shanghai's Jiao Tong University.

Maryland is **the state's premier center of research and graduate education and the public institution of choice for undergraduate students of exceptional ability and promise. The faculty includes four Nobel laureates, six Pulitzer Prize winners, a three-time Emmy Award winner, more than 40 members of national academies and scores of Fulbright scholars.** The university focuses great attention on the highest academic standards, affordability for all qualified students, and a President's Promise program that guarantees opportunity for extraordinary extracurricular and professional experiences for each student.

It has earned a national reputation for its enriched educational experiences for undergraduates, including such widely imitated living/learning programs as College Park Scholars; Gemstone, a unique program that brings teams of students together from across disciplines to tackle specific technical problems; and the Hinman CEO Entrepreneurship Program, sponsored jointly by the A. James Clark School of Engineering and the Robert H. Smith School of Business, and widely recognized as the most successful student entrepreneurship program in the nation.

These programs are guided by outstanding faculty whose accomplishments in research abound. Whether the issue is Mideast peace, cutting-edge research in nanoscience, homeland security or bioscience advances, Maryland faculty are selected for national leadership and are making news. Many recent major faculty initiatives receiving significant external support strengthen our homeland security endeavors—centers for research on agrosecurity and emergency management; intermodal freight transportation security; behavioral and social analyses of terrorism and responses to terrorism; astrophysics and advanced world climate and weather prediction; and a national Center for Advanced Study of Language.

In addition to its academic prowess, Maryland is also home to the Terrapins, whose athletic achievements are a perennial source of pride for nearly 250,000 alumni and residents of the state. In 2005-2006, the Terrapins brought home national championships in four sports — men's soccer, field hockey, competitive cheer and women's basketball — more than any university in the nation.

Whether aiming for the skies or pioneering journalism programs in China, the University of Maryland is surging ahead. Building on the work of outstanding faculty and students, and with the loyal support of alumni and friends, Maryland is moving aggressively and confidently to a decade that will shine brighter than any other in its history.

UNIVERSITY SYSTEM OF MARYLAND

DR. C.D. MOTE

UNIVERSITY PRESIDENT
CALIFORNIA '59
10TH YEAR

In September 1998, C. D. (Dan) Mote, Jr. began his tenure as President of the University of Maryland and Glenn L. Martin Institute Professor of Engineering. He was recruited to lead the University of Maryland to national eminence under a mandate by the state. Since assuming the presidency, he has encouraged an environment of excellence across the University and given new impetus to the momentum generated by a talented faculty and student body. Under his leadership, academic programs have flourished. In 2005, the University was ranked 18th among public research universities, up from 30th in 1998. President Mote has emphasized broad access to the university's model, enriched undergraduate curriculum programs and launched the Baltimore Incentive Awards Program to recruit and provide full support to high school students of outstanding potential who have overcome extraordinary adversity during their lives.

He has spurred the university to lead the state in the development of its high-tech economy, especially in the information and communication, bioscience and biotechnology, and nano-technology sectors. President Mote has greatly expanded the university's partnerships with corporate and federal laboratories and successfully negotiated to bring to the College Park area the first Science Research Park sponsored by the People's Republic of China. Under his leadership, the University has established a research park, The University of Maryland Enterprise Campus, M-Square, located on a 115-acre site adjacent to the University of Maryland/College Park Metro with 3 million square feet of development potential. Among its first tenants are the Center for Advanced Study of Language, a joint venture of the University and Department of Defense, and the National Oceanic and Atmospheric Administration's new World Weather and Climate Prediction Center.

During President Mote's second year in office, the University began the largest building boom in its history, with more than $100 million in new projects breaking ground that year. New facilities address every aspect of university life, from the arts to recreation to classrooms and laboratories, and, in creative partnership with the private sector, new residential facilities. Highlights of the construction activity include the stunning Clarice Smith Performing Arts Center; the Comcast Center, a state of the art sports complex; a high tech research greenhouse; and new classrooms for chemistry, computer science, business and engineering. President Mote also led the development of a new Facilities Master Plan for development in the next 20 years, which is noted for its emphasis on environmental stewardship.

Dr. Mote is a leader in the national dialogue on higher education and his analyses of shifting funding models have been featured in local and national media. He has testified on major educational issues before Congress, representing the University and higher education associations on the problem of visa barriers for international students and scholars and on deemed export control issues. He has been asked to serve on a high level National Academies Committee appointed at the request of the Senate Energy Subcommittee of the Senate Energy and Natural Resources Committee to identify challenges to United States leadership in key areas of science and technology and to be a member of the Leadership Council of the National Innovation Initiative, an activity of the Council on Competitiveness. He has served as vice chair of the Department of Defense Basic Research Committee, and is a member of the Council of the National Academy of Engineering. In 2004-2005, he served as President of the Atlantic Coast Conference. In its last ranking in 2002, "Washington Business Forward" magazine counted him among the top 20 most influential leaders in the region.

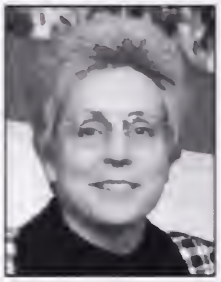
Prior to assuming the Presidency at Maryland, Dr. Mote served on the University of California, Berkeley faculty for 31 years. From 1991 to 1998, he was Vice Chancellor at Berkeley, held an endowed chair in Mechanical Systems and was President of the UC Berkeley Foundation. He led a comprehensive capital campaign for Berkeley that raised $1.4 B. He earlier served as chair of Berkeley's Department of Mechanical Engineering and led the department to its number one ranking in the National Research Council review of graduate program effectiveness.

Dr. Mote's research lies in dynamic systems and biomechanics. Internationally recognized for his research on the dynamics of gyroscopic systems and the biomechanics of snow skiing, he has produced more than 300 publications, holds patents in the U.S., Norway, Finland and Sweden, and has mentored 56 Ph.D. students. He received a B.S., M.S. and Ph.D. in mechanical engineering from the University of California, Berkeley. President Mote has received numerous awards and honors, including the Humboldt Prize awarded by the Federal Republic of Germany. He is a recipient of the Berkeley Citation, an award from the University of California-Berkeley similar to the honorary doctorate, and was named Distinguished Engineering Alumnus. He has received two honorary doctorates. He is a member of the U.S. National Academy of Engineering and serves on its Council, and is a member of the American Academy of Arts and Sciences. He was elected to Honorary Membership in the ASME International, its most distinguished recognition, and is a Fellow of the International Academy of Wood Science, the Acoustical Society of America, and the American Association for the Advancement of Science. In Spring 2005, he was named recipient of the 2005 J. P. Den Hartog award by the ASME International Technical Committee on Vibration and Sound to honor his lifelong contribution to the teaching and/or practice of vibration engineering. In Fall 2005, he received the 2005 Founders Award from the National Academy of Engineering in recognition of his comprehensive body of work on the dynamics of moving flexible structures and for leadership in academia.

He and his wife of over 40 years, Patricia Mote, have two married children, Melissa and Adam, and four grandchildren. Patsy Mote has continued her strong support of the arts and is spokesperson for the Clarice Smith Performing Arts Center and a member of Prince George's County Arts Commission.

DEBORAH A. YOW

DIRECTOR OF ATHLETICS • 15TH YEAR AT MARYLAND



Deborah A. Yow is in the 15th year of her outstanding tenure as director of athletics at the University of Maryland, a tenure that has seen unprecedented success and achievement in Maryland athletics. In Yow's 14-plus years at Maryland, the Terrapins have won a remarkable 16 national championships and graduated student-athletes at an enviable rate as Maryland athletics has soared to sustained new heights among the nation's elite intercollegiate athletic programs.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of ***excellence, teamwork and accountability.***

Likewise, her prior election to the presidency of the National Association of Collegiate Directors of Athletics is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges and universities in the U.S. and Canada. She serves as the current President of the national Division I-A Athletic Directors Association and is a member of the Board of Directors of the National Football Foundation, as well as the Board of Directors of USA Football and the NCAA Division I Men's Basketball Academic Enhancement Committee.

She has been honored by *Street and Smith's Sports Business Journal* as one of the 20 most influential people in intercollegiate athletics, was cited in *The Chronicle of Higher Education* in October 2007 as one of the "Ten Most Powerful People in College Athletics/The Builder" and she has received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Dr. Yow was selected to serve on the U.S. Department of Education's Commission on Opportunities in Athletics to review the status of Federal Title IX regulations. She served as the chair of the Atlantic Coast Conference Committee on Television. The committee is charged with overseeing the league's TV contracts and dealing with issues related to television, including multi-year ACC football and basketball contracts with ABC, ESPN, ESPN2 and syndication entities.

Additionally, she has represented intercollegiate athletics with presentations in a number of prominent settings such as the Harvard University School of Law conference on "Shaping the Future of Collegiate Athletics" and the *Street and Smith's Sports Business Journal* "National Forum on the Direction of Intercollegiate Athletics" in New York.

Yow, who has served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America.

Since taking over as AD at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization with 27 sports and more than 700 student-athletes.
- Balanced all 14 of the department's annual budgets (none of the budgets were balanced in the 10 years prior to her arrival). The budget now approaches $60 million annually and the $51 million debt which her administration inherited has been reduced to $7.6 million.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent for student-athletes at Maryland. Academic outcomes and student-athlete welfare have received consistent and focused attention.
- Led the Terrapins to a national all-sports ranking in the upper 7 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased over 350 percent and corporate sponsorship revenues have increased by over 300 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 27 teams. The 18,000-seat Comcast Center for men's and women's basketball and other sports that use the facility is a prime example of the remarkable $250 million upgrade of athletic facilities.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.

Street & Smith's Sports Business Journal Named Deborah A. Yow One Of The 20 Most Influential People In College Athletics.

Yow with several Terrapin student-athletes at the annual Welcome Back Picnic.

- Significantly improved customer care in every area of Maryland athletics.

The most recent achievements of Maryland athletics are exceptional:

- Maryland captured a remarkable seven national championships during the past three seasons.
- In the recent academic year, the Terrapins achieved the highest student-athlete graduation rate in the history of Maryland athletics and had the highest graduation rate of any public institution in the Atlantic Coast Conference.
- Fundraising for Maryland athletics set a historic mark of $24.7 million in 2006-07.
- Maryland was selected by *U.S. News & World Report* and *Sports Illustrated* as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).
- In 2005-06, Maryland Athletics won the inaugural PRISM Award as the best-managed Division I collegiate athletics program in the nation.
- Maryland was ranked as the sixth-finest athletic program in the nation by the Center for the Study of Intercollegiate Athletics, based on comprehensive criteria such as graduation rates, financial efficiency, equity effectiveness and competitive excellence.
- In men's basketball, the Terps won the Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men's basketball team appeared in 11 consecutive NCAA Tournaments and in 12 of the last 15 tournaments.
- Women's basketball won the 2006 NCAA National Championship under head coach Brenda Frese, completing an amazing turnaround that saw the program go from a 10-18 record to a National Championship in four seasons.
- In football, the Terps won the 2001 Atlantic Coast Conference championship and played in the 2002 Orange Bowl, followed that with an 11-win season and a 30-3 victory over the University of Tennessee in the Peach Bowl, again followed by a 10-win season and a 41-7 win over West Virginia in the Gator Bowl on New Year's Day 2004. In the 2006 season, Maryland returned to the bowl scene, where the Terps defeated Purdue, 24-7, in the Champs Sports Bowl, and in 2007 was selected to play Oregon State in the Emerald Bowl in San Francisco. Graduation rates in football are exemplary and the program was recently recognized by the American Football Coaches Association for its academic excellence under Coach Ralph Friedgen.
- Additionally, Maryland is one of only three universities in the nation to win National Championships in men's basketball, women's basketball and football. Stanford and UCLA are the other NCAA Division I institutions to achieve that mark.
- Set an ACC single-game record for women's basketball attendance by drawing 17,950 to a regular-season game at Comcast Center and led the ACC in season attendance.

Dr. Yow with Boomer Esiason (left), Bonnie Bernstein (center) and Steve Francis (right).

- Hired Dave Cottle, the sixth-winningest active men's lacrosse coach in the U.S., who guided his team to the NCAA Final Four in three of his first four seasons.
- Field hockey earned National Championships in 2005-06 and in 2006-07, and has become a perennial participant in the Final Four in that sport.
- In women's lacrosse, hired Cathy Reese, who was named the 2007 ACC Coach of the Year in her first season as coach of the Terps.
- Men's soccer has appeared in four Final Fours in the past six years and won the NCAA National Championship.
- Football facilities have been significantly enhanced with team house, stadium and practice field upgrades. The Football Academic Center was the first improvement, as it took priority over all other initiatives.
- In 2006-07, 16 Maryland teams competed in postseason play.
- The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past 14 years, Yow says, ***"We are pleased, but we are not satisfied ... our vision is to be one of the Top 5 programs in the nation consistently ... we see no reason to settle for less."***

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to "***raise our sights and sharpen our tools ... to work hard and work smart ... to recognize that our only limitations are those that we place upon ourselves."***

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). In 2002, she also brought to the University of Maryland Brenda Frese, who at that time was the National Coach of the Year in women's basketball. Four years later, Frese led the Terrapins to the NCAA National Championship at the Women's Final Four in Boston.

Dr. Yow is known as "a coach's A.D.," while also being highly organized and a strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator and leader.

A successful former basketball coach, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a successful tenure as A.D. at Saint Louis University.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States. She holds a bachelor's degree from Elon University, a masters degree from Liberty University and a doctorate *(honorus causa)* from the U.S. Sports Academy and an honorary doctorate for career achievement from Elon University.

Summing up the entire Maryland athletics program, our athletics director recently stated, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President, Dr. Dan Mote, who has fostered a mindset of excellence across our institution. He is a strong and balanced advocate for what he calls 'the three A's of the University -- Academics, the Arts and Athletics'. We have a great Terrapin family. That's the foundation for all of our success ... and the basis for our bright future. It's a great time to be a Terp."

OUR TALENTED TEAM KEEPS MANY TERPS AND THEIR FANS IN THE GAME.

EXPERT UNIVERSITY ORTHOPAEDIC CARE AND SPORTS MEDICINE IS AVAILABLE THROUGHOUT THE STATE IN COLLEGE PARK, BALTIMORE, TIMONIUM AND WOODLAWN.

ACADEMIC SUPPORT AND CAREER DEVELOPMENT

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

Led by associate athletics director Anton Goff, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes. **Laura Meckley** works with the Maryland swimming and diving teams.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for professional academic counselors, a director of enrichment programs, an assistant program coordinator and a graduate assistant. In addition, a new academic wing was added to the Gossett football team house recently. It features offices for two counselors, a program coordinator and three learning specialists; as well as a quiet study area, 29-desk computer lab, classroom, tutor rooms and classroom/lab for the individualized learning program.

Academic courses, programs and services offered by ASCDU include the following:

- Student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100 (First-year transitions to the university)

MARYLAND GAMEPLAN

The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 500 corporations and businesses across the country, in addition to being featured on the M Club website. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.

CAREER NETWORKING NIGHT

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume- writing, interviewing skills, graduate school search and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Career Networking Night, where student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career Networking Night recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.

STUDENT-ATHLETE ADVISORY COMMITTEE

The Student-Athlete Advisory Committee (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/LIFE SKILLS PROGRAMS

ASCDU houses the NCAA's (National Collegiate Athletic Association) CHAMPS/Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/LIFE SKILLS PROGRAMS COMMITMENT STATEMENTS

Commitment to Academic Excellence

To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence

To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development

To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.

Commitment to Career Development

To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service

To engage student-athletes in service to his/her campus and surrounding communities.

ACADEMIC SUPPORT FOR RETURNING ATHLETES PROGRAM

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President's Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to assisting its former athletes with degree completion. A key component of the program is community outreach. Each returning student completes a "workship" that allows the cost of tuition and fees to be exchanged for community services with youth. In 2002, ASRAP moved into the ASCDU.

MEDIA INFORMATION

MEDIA GUIDELINES

Credentials: Media and photographer credentials for events at Maryland's Campus Recreation Natatorium may be obtained by working press, radio and television by writing or calling Jodi Fick in the Maryland Athletic Media Relations Office, 2725 Comcast Center, College Park, MD 20741-0295. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-7064. Since space is limited, accommodations are on a priority basis: daily newspapers and wire services, originating radio and television stations, national weekly or monthly publications, electronic media outlets, local and regional television crews. Priority is granted to members of the media who cover Maryland Athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.

Services: The Media Relations Office will provide complete statistics at the conclusion of every home game. Programs containing rosters and event notes on each team will be provided for the working media.

Fax Machine: The Media Relations Office has one facsimile machine, located in Room 2725 of Comcast Center, which is available upon request. The fax number is (301) 314-9094.

Terps on the Web: For up-to-date game stories, statistics, schedules and results, and other Maryland athletic department information, please locate www.umterps.com on the Internet.

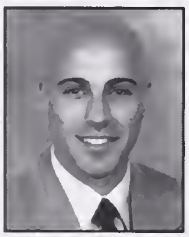
SWIMMING & DIVING SUPERVISOR



MICHAEL LIPITZ

SENIOR ASSOCIATE ATHLETICS DIRECTOR

Michael Lipitz is in his ninth year with the University of Maryland and his second as senior associate athletics director for varsity sports. He worked for Maryland Athletics in a senior management role from 1999 through 2006, before serving as Chief Operating Officer of the Orange Bowl Committee for the 2007 FedEx Orange Bowl in Miami, Florida.

Lipitz supervises the Terps' women's basketball, men's lacrosse, field hockey, volleyball, gymnastics, and men's and women's swimming and diving programs. He works closely with the Chief of Staff on internal operations and special initiatives. He also serves as the department's liaison to the University's Legal Office and Office of Student Conduct.

Lipitz graduated from the University of Maryland with a degree in government and politics and dual concentrations in English and political leadership. He was a four-year varsity starter and two-year co-captain on the men's tennis team. Before returning to work at his alma mater, Lipitz earned his law degree from Villanova University.
